1. Applicant is reminded that the text of cancelled claims should not be included in the listing of the claims.

2. The replacement sheet for figs. 7A-E was received on April 29, 2005. This sheet is acceptable to the examiner.

3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

4. Claims 1 and 3-8 are objected to because "increases the contact area" (as added to claim 1) is a relative comparison and no basis for contrast is given in the claim.

5. Claims 1 and 3-8, as best understood, are rejected under 35 U.S.C. 103(a) as being unpatentable over the known LGA discussed by applicant on page 1 of the present specification in view of Yatskov. As shown on page 1 of the present specification, it is well known to form an LGA with a chip carrier having a contact pad on the bottom, a circuit board, and a fuzz button. Yatskov teaches the use of the claimed micro-bumps 20 in contact with a contact pad 20 in order to improve the connection therebetween. In particular, the microbumps offer a better (or increased) contact area over what might otherwise occur (column 4, lines 26-35).

Applicant has not separately discussed or argued the patentability of dependent claims 3-8.

6. Applicant's amendment necessitated the new grounds of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 2833

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

7. It is suggested that responses to this final action be faxed to:
(703) 872-9306

Please refrain from sending a confirmation copy, as noted in 37 CFR 1.6(d) and 1.8(b).

Alternatively, responses may be mailed to:
